Apps that make video better

INVIDEOUS LIMITED INTEGRATION INSTRUCTIONS

Brightcove Video Cloud Professional/Enterprise

Katerina Hristovska

Brightcove Video Cloud Professional/Enterprise

Note: If you have a Brightcove Video Cloud Express Account, please proceed to this link for the instructions

http://static.invideous.com/pdf/new/Brightcove_Express_Playlists.pdf

Step 1: Go to www.invideous.com and login as a publisher.

Step 2: You will be redirected into your publisher control panel. There are five different management sections: Dashboard, Settings, Applications, Transactions and Manage Videos. Click on Manage Videos button.

You will be redirected into a section where you can find all your videos referenced or add new videos.

Step 3: Referencing Brightcove Videos

Click on the 'Add' button (Videos or Live Videos tab) as it is shown in the picture below and reference your desired Brightcove videos into your Invideous control panel.

Step 4: You will see a pop-up window. Click on Brightcove.

Step 5: Choose Professional/Enterprise from the drop-down menu.

Step 6: Fill the next three fields with information from your Brightcove account: Publisher ID, API token and Player ID.

UPLOAD VIDEO FROM "BRIGHT COVE" ×

Account type:

Publisher ID:

API token:

Player ID:

Brightcove Part of the Integration

Step 7: Get Brightcove Publisher ID

Login to <https://my.brightcove.com/>

You should be able to see your Publisher ID, as it is shown in this picture.

Welcome, Jack

Publisher ID: 665003333001

Step 7: Get Brightcove API Read Token

Go to Account Settings -> API management

Account Settings

- Publishing Settings
- Distribution Settings
- Analytics
- Media Settings
- Transcode Settings
- Video Fields
- API Management**

API Management

Token	Type (?)	Options (?)	Manage
hX1VdZJqmwOHG72Wsm-KPnfg17g6aLEHRXqy-1iZog7h5CBY1Hov9A..	read	URL Access	  
bATzuvPj8BU0-FycGzz1c-NAkO6S8ZquxFEe2U1Tpx-nQRspsy4fQ..	read		  
hX1VdZJqmwMiC_VQBjt12j266jjzUMdf1FUSsIQ-31vaREXpCKLcKw..	read		  
hX1VdZJqmwOHG72Wsm-KPnfg17g6aLEHSGiRcyHY91Sreu0CcOynag..	write		  

Please make a note of your API Token. NB. This should be the 'Read' token with 'URL Access'.

Step 8: Choose a player
Click on the Publishing button

Welcome, Jack 

Not sure where to begin?
Most people start by uploading a video.

Provide URLs to your analytics or custom plug-in SWFs

Type a URL to add it to the list below + Add

URLs

Enter this line in field - Type a URL to add it to the list below

Plugin =

['http://plugin.invideous.com/v5/invideous.swf?invideous.pid=YOUR_ID'](http://plugin.invideous.com/v5/invideous.swf?invideous.pid=YOUR_ID)

Enter your publisher ID number at the end of this line and click on 'Save'.

You can find your INVIDEOUS ID here:
Login to: www.invideous.com
Go to Settings Panel, and you will see your Publisher ID.

The screenshot shows the Invideous account settings page. The user is logged in as Katerina Hristovska. The page has a navigation bar with links for HOME, ABOUT, SUPPORT, CONTACT, and LOG OUT. Below the navigation bar, there are tabs for SETTINGS, TRANSACTIONS, and MANAGE VIDEOS. The main content area is titled "ACCOUNT INFORMATION" and contains the following details:

Your publisher ID: 5070	Your Read Token: 6c679a6b458c050b937af9e794316922
Your Public Key: G82hdPwGPwLS5MxUNEP	Your Private Key: aoya8nSs0YzA9AbcsTImuhwCxSgQXQ

Get your Brightcove Player ID

In the Publishing Tab you can see all your players. Click on the desired player and see the Player ID as it is shown in the picture below.

The screenshot shows the Invideous Publishing tab. The user is logged in as jack@invideous.com. The page displays a list of 13 players. The selected player is "Katerina", which is an Accessible Video Player with a Player ID of 1217716803001. The details for this player are shown in a sidebar on the right:

Players	Last Updated	Player ID
✓ Chromeless Video Player Chromeless Video Player 480x270px	May 2 2012, 5:10PM	671040324001
✓ Katerina Accessible Video Player 500x470px	Apr 26 2012, 2:32PM	1217716803001
✓ Test Chromeless Video Player with Tabbed Playlists 960x445px	Apr 18 2012, 1:16PM	1568173270001

✓ Chromeless Video Player with Tabbed Playlists Chromeless Video Player with Tabbed Playlists	Apr 11 2012, 3:42PM	671040323001

Selected Video Name: The name of the video is not visible.
Player ID 1217716803001
Status Active
Template Accessible Video Player

Copy and paste your Brightcove Publisher ID, API Read Token and Player ID into your Invideous account – see image (Step 6).

Step 9: Once the Invideous plug-in URL has been added in the Brightcove Control Panel and the Brightcove Publisher ID, API Read Token and Player ID have been added to the Invideous control panel, click save and the accounts will synchronize.

Your Brightcove videos will now be visible within your Invideous account (See Control Panel: Manage Videos section).

Step 10: Embedding single video from Brightcove.

Once you add the Invideous plugin in the Brightcove player, you can embed single videos in 2 steps.

Go to the Publishing tab in your Brightcove account and select one video. In the right section of the video you can find settings parameters for that specific video. Click on the 'Quick Video Publish' button. Under the 'Select a Player' you will see a drop down menu with listed players. Choose a player that is integrated with the Invideous plugin.

Copy the embed code for this video and paste it on your site (choose either publishing code for website, blog or URL).

You can save this code in an .html file and put on your server:

- Open a Notepad ++ document
- Copy the given code and paste it in the Notepad ++ document
- Save it as .html file
- Open the file in a browser and play the video
- You should be able now to see your video

Once the video is referenced you will be able to add different applications into the Invideous Control Panel.

Brightcove HTML5 Instructions

Step 1: Go to <http://my.brightcove.com> and login with your access credentials.

Step 2: After you are logged in into your Brightcove account, go to 'Account Settings' section.

Enable the Universal Delivery Service option in account settings.

Click on the "Save Changes" button.

Step 3: Additional settings on player side

Go to the 'Publishing' section from the navigational menu and select the player that you want to make integration with. Click on the 'Settings' option.

In 'Global' section of the player settings enable the ActionScript/Java Script APIs and HTML5 Delivery and click on the 'Save Changes' button.

Go to the Plug-Ins section of the player and add the following JS file:
http://plugin.invideo.com/html5/latest/scripts/invideo_efs.js

Click on 'Save Changes' button.

Step 4: Go to the 'Media' section of the navigational menu and select the video that you want to embed.

Copy the embed code of the video and paste it in Notepad++.

In the embed code you need to add few more lines:

```
<param name="includeAPI" value="true" />
<param name="templateLoadHandler"
value="invideous.ovps.brightcove.templateLoaded"/>
```

At the top of page (better in the <head> HTML tag) add scripts and styles:

```
<link rel="stylesheet" type="text/css"
href="http://plugin.invideous.com/html5/latest/style/style.css"/>
<script type="text/javascript"
src="http://ajax.googleapis.com/ajax/libs/jquery/1.7.2/jquery.min.js"></script>
<script type="text/javascript"
src="http://plugin.invideous.com/html5/latest/scripts/invideous.js"></script>
<script type="text/javascript"
src="http://plugin.invideous.com/html5/latest/scripts/flashdetect.js"></script>
<script type="text/javascript">
    var inv_vid = 5542207 //Video ID from Invideous control panel
    var inv_pid = 208 //PID from Invideous control panel
</script>
```

Step 5: How to find Video ID from the Invideous Control Panel

Go to www.invideous.com and login with your access credentials.

Navigate to the Manage Videos tab and select the referenced video that you want to embed it with HTML5. You can find your Video ID here.

The screenshot shows the 'VIDEO DETAILS' page for a video titled 'Brightcove Demo'. On the left, there is a video preview placeholder that says 'VIDEO PREVIEW NOT AVAILABLE'. Below the preview, under 'APPLICATIONS USED', 'PayWall' is listed with 'Edit' and 'Delete' buttons. On the right, the 'DESCRIPTION' is 'N/A'. The 'DETAILS' section contains the following information:

Video ID:	3775572
Views:	278
Date referenced:	Jun. 12, 2012
OVP Name:	brightcove
OVP Video ID:	1684869823001
Source location:	rtmp://brightcove.fcod.lnwd.net/a500/d22/&media/7...
Video type:	VOD Change to Live

Example code:

```
<html>
<head>
<link rel="stylesheet" type="text/css"
href="http://plugin.invideous.com/html5/latest/style/style.css"/>
<script type="text/javascript"
src="http://ajax.googleapis.com/ajax/libs/jquery/1.7.2/jquery.min.js"></script>
<script type="text/javascript"
src="http://plugin.invideous.com/html5/latest/scripts/invideous.js"></script>
<script type="text/javascript"
src="http://plugin.invideous.com/html5/latest/scripts/flashdetect.js"></script>
<script type="text/javascript">
    var inv_vid = 5542207 //Video ID from Invideous control panel
    var inv_pid = 208 //PID from from Invideous control panel
</script>
</head>
